

David Zhao

Developer and sneakerhead
Seeking internship for Summer 2018

EDUCATION

Georgia Institute of Technology

Graduating May 2020

- B.S. in Computer Science
- Minor in Music Technology
- GPA: 4.0/4.0

Atlanta, GA

Duluth High School

August 2012 – May 2016

- GPA: 4.0/4.0

Duluth, GA

EXPERIENCE

UPS Supply Chain Solutions

May 2017 – August 2017

Information Technology Intern

Alpharetta, GA

- Formalized collaborative process documentation to allow team members to take on additional responsibilities in new business implementation
- Created configuration training for SAP, GWS, WEOS, and TTCS environments to provide team members the ability to work in all 4 application areas effectively
- Developed Android app to aid in automating warehouse cycle counting by scanning QR codes with a DJI Phantom 4 Drone

PROJECTS

DroneScan

June 2017

Android Developer

Sandy Springs, GA

- Android application that uses real time image scanning to detect barcodes and conduct automated warehouse cycle counting
- Used Java, Google Mobile Vision API, and DJI Mobile SDK
- Resulted in a mobile app that analyzes and reacts to a live feed from an autonomous drone

RestockX

November 2016 – January 2017

Python Developer

Atlanta, GA

- Python program that continuously checks a website and emails a notification upon detecting a restock of a sold-out product
- Used Requests API and BeautifulSoup4 API
- Resulted in a project with speed and adaptability to purchase highly sought-after products from multiple online storefronts
